To Red Hat Event Planners!

It is no secret that we Red Hatters love to have FUN! For our South Carolina Red Hat Convention in September of 2006, the fun began with Rick Hubbard's Red Hat Kazoo Show! Rick is owner of Kazoobie Kazoo, and maker of the officially licensed Red Hat Society Kazoos! He has been entertaining for years and has recently written an exciting show especially for Red Hatters!

Rick's upbeat and interactive entertainment set the perfect tone for a fabulous Red Hat weekend. Rick had us playing our kazoos and singing songs! He melted our hearts with his keen understanding of livin, lovin, and laughin!

Rick has paid attention to every detail from his purple tux to his red boots, red guitar, and multiplicity of red hats! His songs reflect our good nature, and his comedy reflects our no nonsense core values – fun, friendship, shopping and CHOCOLATE!!!

Rick entertained our South Carolina Red Hat Convention in Charleston, SC, September 2006.

I heartily recommend Rick for your Red Hat Events!

Sincerely,

Kristi Speed
